Subject headings that do not require speakers, e.g., Divisions (recorded vote), are followed by subheadings and page numbers only. Typical entries in the Subject Index appear as follows:

Aging population

Cansfield, SP387

Divisions (recorded vote)

Committee schedules/agendas, JP1219

Speaker Index - The main entry in this section is a member's name and riding followed by a list of topics spoken on by that member and page references. Typical entries in the Speaker Index appear as follows:

Fedeli, V. (PC, Nipissing)

Committee witnesses, JP12

Railways

freight service, P17

French proceedings are grouped under the heading: **French-language debates** followed by subheading/s in French.

This index also includes alphabetical lists of witnesses (individuals/organizations) and committee staff with corresponding page references indicating their participation in committee proceedings.

Committees are numbered according to session. A list of issues, dates and page numbers for the Second Session of the 40th Parliament is on page 2.
